

"Dr. Martin not only works with her patients' physical ailments, but she tries to focus on spiritual and emotional energy as well. She believes overall wellness is the key, and she is right! I had issues regulating my menstrual cycle, but after a few short treatments she got my body on track. Also, I had the good fortune of getting pregnant shortly thereafter. Currently I'm maintaining a healthy pregnancy, and I owe a lot of it to Dr. Martin's care and constant encouragement. It helped to fortify my body and soul, and I can't thank her enough!"

"Six months ago, my benign tremor condition brought me to the brink of depression. I could no longer sign my name and I could not eat without food dropping off my fork. The regular use of Acupuncture, Massage and Chinese herbs have helped my symptoms. I feel I can live a normal life again! Thank you Dr. Martin!"

"I am 76 years old and have taken thyroid replacement medication (Synthroid) for over 40 years. Lately, I began experiencing symptoms of chronic fatigue with a very low energy level. My recent blood test showed normal thyroid levels. Dr. Martin suspected, and tested me for poor absorption of the medication. On her recommendation, I added L-tyrosine to my supplements and it worked! I felt better within a few days! I am so grateful for Dr. Martin's help"

"While visiting Dr. Gloria Martin on a business matter, she noticed I was very anxious. I was extremely irritable, not smiling or laughing. I had a situation in my personal life that was causing uncertainty about the future, therefore, insomnia and irritability. As I am normally very upbeat, Dr. Gloria knew there was something wrong. She put our business on hold and gave me a single treatment. Within minutes of the treatment, I was again acting like myself. In fact we laughed a lot during our meeting and got very little business done. That single treatment helped me get through the next few months with much less stress, until the situation was resolved. Dr. Martin is a true healer."
